In 1995, the Texas Legislature created the Public Education Grant (PEG) program (TEC §§29.201 - 29.205). The PEG program permits parents whose children attend schools on the PEG list to request that their children transfer to schools in other districts. Included on the PEG list are campuses with passing rates on STAAR that are less than or equal to 50% in any two of the preceding three years.

Check here if you are requesting a transfer to Silsbee ISD because your home campus is on the PEG list.

UIL Eligibility Standards

The sole purpose of eligibility rules and contest regulations is to keep competition equitable and to maintain activities in proper perspective. It is the responsibility of each school to see that students do not compete unless they comply with all eligibility rules. It is also the responsibility of the student to observe and obey these standards. According to UIL standards, students are eligible to represent their school in interscholastic activities if they:

- have not graduated from high school,
- are full-time, day students in the school, and have been in regular attendance at the school since the 6th class day of the present school year, or have been in regular attendance for 15 or more calendar days before the contest or competition,
- are in compliance with state law and rules of the Commissioner of Education, (see [TEA-UIL Side By Side](#))
- are enrolled in a four year, normal program of high school courses, and initially enrolled in the 9th grade not more than 4 years ago nor in the 10th grade not more than 3 years ago,
- were not recruited,
- are not in violation of the awards rule, and
- meet the specific eligibility requirements for academic, music and/or athletic competition.

Eligibility for Academic Contests

- meet all the requirements above, and
- have not changed schools for the purpose of participating in a UIL academic contest.

Eligibility for Music Contests

- meet all the requirements above, and
- have not changed schools for the purpose of participating in a UIL music contest.

Eligibility for Athletic Contests

- meet all the requirements above,
- are less than 19 years old on September 1 preceding the contest or have been granted eligibility based on a disability that delayed their education by at least one year,
- live with their parents inside the school district attendance zone their first year of attendance (see your school administrator for exceptions),
- have not moved or changed schools for athletic purposes,
- have not violated the athletic amateur rule, and
- were eligible according to the fifteen day rule and the residence rule prior to district certification.

Schools may adopt stricter standards for eligibility to participate in extracurricular activities.

Agreement Between Districts	The board may, by means of a mutual agreement with the board of an adjoining district, transfer any student to the jurisdiction of that adjoining district. All transfers shall be made pursuant to the requirements of Education Code 25.032 through 25.034. The board, together with the board of the adjoining district, shall agree to the transfer of school funds proportionate to the transfer of attendance when such interdistrict transfers are made. <i>Education Code 25.035</i>
Initiated by Student or Parent	Any student, other than a high school graduate, who is under 21 years of age and eligible for enrollment on September 1, may transfer to another Texas district, provided that both the receiving district and the applicant's parent, guardian, or person having lawful control agree in writing to the transfer. <i>Education Code 25.036</i> [See also FD]
Basis for Transfer	The board or its designee must make transfer decisions on an individual basis and may not consider as a factor in arriving at any decision regarding assignments any matter relating to the national origin of the student or the student's ancestral language. <i>Education Code 25.032</i> [See FDAA]
Funding for Transfers	Upon the filing and certification of any transfer, the state per capita apportionment shall transfer with the student. For purposes of computing state allotments to districts eligible under the Foundation School Program, the student's attendance prior to the date of transfer shall be counted by the sending district and the student's attendance after transfer shall be counted by the receiving district. <i>Education Code 25.037</i>
Tuition	The district may charge a tuition fee to the extent that the district's actual expenditure per student in average daily attendance exceeds the sum of state available school fund apportionment benefits transferred to the district under Education Code 25.037. However, unless a tuition fee is prescribed and set out in a transfer agreement prior to its execution by the parties, no increase in tuition charge shall be made for the year of that transfer that exceeds the tuition charge, if any, of the preceding school year. <i>Education Code 25.038</i>
Tuition for Education Outside District	Home districts that do not offer each grade, kindergarten–grade 12, shall pay tuition to the district if they have a contract to educate students in grades not taught in the home district. If the home district has contracted for students to attend another district(s), it shall not be required to pay tuition to any district with which it has not contracted. A contract under this section may not be for a period exceeding five years.

The amount of tuition paid may not exceed the greater of:

1. The amount by which the district's actual expenditure per student in average daily attendance exceeds the sum the district receives from state aid sources, as provided by Education Code 25.037. However, the district may not charge more than the tuition charge for the preceding school year unless a tuition fee is set out in a transfer agreement; or
2. The calculated tuition limit specified by commissioner's rule.

Under the commissioner's rule, tuition charged to the home district for a transfer student in payment for that student's education may not exceed the district's calculated tuition limit. The calculated tuition limit applies only to tuition paid to the district for the education of a student at a grade level not offered in the home district.

The calculated tuition limit is the sum of the excess maintenance and operations (M&O) revenue per enrollee and the excess debt revenue per enrollee as calculated in accordance with 19 Administrative Code 61.1012(b).

Education Code 25.038, .039; 19 TAC 61.1012

Credits and
Records

Credits earned in local credit courses may be transferred at the enrolling district's discretion. Transfer students shall not be prohibited from attending school pending receipt of transcripts or academic records from the district the student previously attended. *19 TAC 74.26(a)(1)*

Nonpublic Schools

Records and transcripts of students from Texas nonpublic schools or from out of state or out of the country (including foreign exchange students) shall be evaluated, and students shall be placed promptly in appropriate classes. The district may use a wide variety of methods to verify the content of courses for which a transfer student has earned credit. *19 TAC 74.26(a)(2)*

Authority	<p>The Superintendent is authorized to accept or reject any transfer requests, provided that such action is without regard to race, religion, color, sex, disability, national origin, or ancestral language.</p> <p>A resident student who becomes a nonresident during the course of a semester shall be permitted to continue in attendance for the remainder of the semester.</p>
Transfer Requests	<p>A nonresident student wishing to transfer into the District shall file an application for transfer each school year with the Superintendent or designee. Transfers shall be granted for one regular school year at a time.</p>
Factors	<p>In approving transfers, the Superintendent or designee shall consider availability of space and instructional staff and the student's disciplinary history, attendance records, and academic records.</p> <p>A student shall not be allowed to transfer into the District if he or she has not performed at or above grade level on the most recent state-mandated assessment and satisfied requirements for all academic courses from the previous school year, except in the case of a student eligible for special education services. Such student's academic records shall be reviewed, on an individualized basis, against the student's individualized education program (IEP) and other relevant factors.</p>
Transfer Agreements	<p>A transfer student shall be notified in the written transfer agreement that he or she must follow all rules and regulations of the District. Violation of the terms of the agreement may result in a transfer request not being approved the following year.</p>
Transportation	<p>The District shall not provide transportation for transfer students who reside in another school district. The parent or the student shall be responsible for transportation to and from the District campus to which the student is assigned.</p>
Tuition	<p>If the District charges tuition, the amount shall be set by the Board, within statutory limits.</p>
Waivers	<p>The Board may waive tuition for a student based on financial hardship upon written application by the student, parent, or guardian. [See FP]</p>
Nonpayment	<p>The District may initiate withdrawal of students whose tuition payments are delinquent.</p>
Appeals	<p>Any appeals shall be made in accordance with FNG(LOCAL) and GF(LOCAL), as appropriate.</p>

An eligible student may attend a public school in the district in which the student resides or may use a public education grant to attend any other district chosen by the student's parent. *Education Code 29.201*

Eligible Students

2. The school progress domain under Education Code 39.053(c)(2). [See AIA]

After a student has used a public education grant to attend a school in a district other than the district in which the student resides:

1. The student does not become ineligible for the grant if the school on which the student's initial eligibility is based no longer meets the criteria described above; and
2. The student becomes ineligible for the grant if the student is assigned to attend a school that does not meet the criteria described above.

Exception	To achieve continuity in education, however, a district may give preference over at-risk students to: <ol style="list-style-type: none">1. Enrolled students; and2.
