Introduction

The purpose of this handbook is to provide information that will help with questions and pave the way for a successful year. Not all district policies and procedures are included. Those that are have been summarized. Suggestions for additions and improvements to this handbook are welcome and may be sent to the Superintendent at Silsbee ISD, 415 Hwy 327 West, Silsbee, Texas 77656.

This handbook is neither a contract nor a substitute for the official district policy manual. Nor is it intended to alter the at-will status of noncontract employees in any way. Rather, it is a guide to and a brief explanation of district policies and procedures related to employment. These policies and procedures can change at any time; these changes shall supersede any handbook provisions that are not compatible with the change. For more information, employees may refer to the policy codes that are associated with handbook topics, confer with their supervisor, or call the appropriate district office. District policies can be accessed online at silsbeeisd.org and policy manuals are located in the libraries of each campus, which are available for employee review during normal working hours.

All District staff members shall perform their duties in conformity with District policy, ethical standards for professional educators, and state and federal law.

Conflict of Interest

I understand that if I forget to clock in or out, I must notify my supervisor immediately and fill out a missed punch report.

I also understand that I need to carefully review my time weekly to verify that the times clocked in and out at my different jobs are correct and have the correct job code if I work multiply jobs. **When I submit my time weekly, I am stating that it is true and correct.**

Employment

Equal Employment Opportunity

Policies DAA, DIA

The Silsbee ISD does not discriminate against any employee or applicant for employment because of race, color, religion, sex (including pregnancy), national origin, disability, age, military status, genetic information or on any other basis prohibited by law. Additionally, the district does not discriminate against an employee or applicant who acts to oppose such discrimination or participates in the investigation of a complaint related to a discriminatory employment practice. Employment decisions will be made on the basis of each applicant's job qualifications, experience, and abilities.

Employees with questions or concerns about discrimination based on sex, including sexual harassment should contact the district Title IX coordinator. Employees with questions or concerns about discrimination on the basis of a disability should contact the district ADA/Section 504 coordinator. Questions or concerns relating to discrimination for any other reason should be directed to the Superintendent.

Job Vacancy Announcements

Policy DC

To the extent possible, announcements of job vacancies by position and location are posted on a regular basis and posted at the central administration building as well as the district website.

Employment after Retirement

Policy DC

Individuals receiving retirement benefits from the Teacher Retirement System (TRS) may be employed under certain circumstances on a full or on a part-time basis without affecting their benefits, according to TRS rules and state law. Detailed information about employment after retirement is available in the TRS Publication Employment After Retirement. Employees can contact TRS for additional information by calling 800-223-8778 or 512-542-6400. Information is also available on the TRS Website (www.trs.texas.gov).

Contract and Noncontract Employment

Policy DC series

State law requires the district to employ all full-time professional employees in positions requiring a certificate from the State Board for Educator Certification (SBEC) and nurses under probationary, term, or continuing contracts. Employees in all other positions are employed at-

will or by a contract that is not subject to the procedures for nonrenewal or termination under Chapter 21 of the Texas Education Code. The paragraphs that follow provide a general description of the employment arrangements used by the district.

Probationary Contracts. Nurses and full-time professional employees new to the district and employed in positions requiring SBEC certification must receive a probationary contract during their first year of employment. Former employees who are hired after a two-year lapse in district employment or employees who move to a position requiring a new class of certification may also be employed by probationary contract. Probationary contracts are one-year contracts. The probationary period for those who have been employed as a teacher in public education for at least five of the eight years preceding employment with the district may not exceed one school year. For those with less experience, the probationary period will be three school years (i.e., three one-year contracts) with an optional fourth school year if the board determines it is doubtful whether a term or continuing contract should be given.

Term Contracts. Full-time professionals employed in positions requiring certification and nurses will be employed by term contracts after they have successfully completed the probationary period. The terms and conditions of employment are detailed in the contract and employment policies. All employees will receive a copy of their contract. Employment policies can be accessed online or copies will be provided on request.

Noncertified professional and administrative employees. Employees in professional and administrative positions that do not require SBEC certification (such as noninstructional administrators) are employed by a one-year contract that is not subject to the provisions for nonrenewal or termination under the Texas Education Code.

Paraprofessional and auxiliary employees. All paraprofessional and auxiliary employees, regardless of certification, are employed at will and not by contract. Employment is not for any specified term and may be terminated at any time by either the employee or the district.

Certification and Licenses

Policies DBA, DF

Professional employees whose positions require SBEC certification or professional license are responsible for taking actions to ensure their credentials do not lapse. Employees must submit documentation that they have passed the required certification exam and/or obtained or renewed their credentials to the Superintendent's Office in a timely manner.

A certified employee's contract may be voided without due process and employment terminated if the individual does not hold a valid certificate or fails to fulfill the requirements necessary to renew or extend a temporary certificate, emergency certificate, probationary certificate, or permit. A contract may also be voided if SBEC suspends or revokes certification because of an individual's failure to comply with criminal history background checks. Contact

the Superintendent's office if you have any questions regarding certification or licensure requirements.

Recertification of Employment Authorization

Policy DC

At the time of hire all employees must complete the Employment Eligibility Verification Form (Form I-9) and present documents to verify identity and employment authorization.

Employees whose immigration status, employment authorization, or employment authorization documents have expired must present new documents that show current employment authorization. Employees should file the necessary application or petition sufficiently in advance to ensure that they maintain continuous employment authorization or valid employment authorization documents. Contact the Superintendent's office if you have any questions regarding reverification of employment authorization.

Searches and Alcohol and Drug Testing

Policies CQ DHE

Noninvestigatory searches in the workplace, including accessing an employee's desk, file cabinets, or work area to obtain information needed for usual business purposes may occur when an employee is unavailable. Therefore, employees are hereby notified that they have no legitimate expectation of privacy in those places. In addition, the district reserves the right to conduct searches when there is reasonable cause to believe a search will uncover evidence of work-related misconduct. Such an investigatory search may include drug and alcohol testing if the suspected violation relates to drug or alcohol use. The district may search the employee, the employee's personal items, work areas, including district-owned technology resources, lockers, and private vehicles parked on district premises or work sites or used in district business.

Employees required to have a commercial driver's license. Any employee whose duties require a commercial driver's license (CDL) is subject to drug and alcohol testing. This includes all drivers who operate a motor vehicle designed to transport 16 or more people, counting the driver; drivers of large vehicles; or drivers of vehicles used in the transportation of hazardous materials. Teachers, coaches, or other employees who primarily perform duties other than driving are subject to testing requirements when their duties include driving a commercial motor vehicle..

Drug testing will be conducted before an individual assumes driving responsibilities. Alcohol and drug tests will be conducted if reasonable suspicion exists, at random, when an employee returns to duty after engaging in prohibited conduct, and as a follow-up measure. Testing may be conducted following accidents. Return-to-duty and follow-up testing will be conducted if an

employee who has violated the prohibited alcohol conduct standards or tested positive for alcohol or drugs is allowed to return to duty.

All employees required to have a CDL or who is otherwise subject to alcohol and drug testing will receive a copy of the district's policy, the testing requirements, and detailed information on alcohol and drug abuse and the availability of assistance programs.

Employees with questions or concerns relating to alcohol and drug testing policies and related educational material should contact the Superintendent's office.

Health Safety Training

Policies DBA, DMA

Certain employees who are involved with the physical activities of students must maintain and submit to the district proof of current certification in first aid, cardiopulmonary resuscitation (CPR), and the use of an automated external defibrillator (AED), concussion and extracurricular athletic activity safety. Certification must be issued by the American Red Cross, the American Heart Association, University Interscholastic League or another organization that provides equivalent training and certification. Employees that direct or assist with extracurricular athletic activities must complete University Interscholastic League safety training. Employees subject to this requirement must submit their certification to the Health Services Director by September 1, 2018.

Reassignments and Transfers

Policy DK

All personnel are subject to assignment and reassignment by the superintendent or designee when the superintendent or designee determines that the assignment or reassignment is in the best interest of the district. Reassignment is a transfer to another position, department, or facility that does not necessitate a change in the employment contract. Campus reassignments must be approved by the principal at the receiving campus except when reassignments are due to enrollment shifts or program changes. Extracurricular or supplemental duty assignments may be reassigned at any time unless an extracurricular or supplemental duty assignment is part of a dual-assignment contract. Employees who object to a reassignment may follow the district process for employee complaints as outlined in this handbook and district policy DGBA (Local).

An employee with the required qualifications for a position may request a transfer to another campus or department. A written request for transfer must be completed and signed by the employee and the employee's supervisor. A teacher requesting a transfer to another campus before the school year begins must submit his or her request by June 15. Requests for transfer during the school year will be considered only when the change will not adversely affect

students and after a replacement has been found. All transfer requests will be coordinated by the Superintendent's office and must be approved by the receiving supervisor.

Workload and Work Schedules

Policies DEAB, DK, DL

Professional employees. Professional employees and academic administrators are exempt from overtime pay and are employed on a 10-, 11-, or 12-month basis, according to the work schedules set by the district. A school calendar is adopted each year designating the work schedule for teachers and all school holidays. Notice of work schedules including start and end dates and scheduled holidays will be distributed each school year.

Classroom teachers will have planning periods for instructional preparation and conferences. The schedule of planning periods is set at the campus level but must provide at least 450 minutes within each two-week period in blocks not less than 45 minutes within the instructional day. Teachers and librarians are entitled to a duty-free lunch period of at least 30 minutes. The district may require teachers to supervise students during lunch one day a week when no other personnel are available.

Paraprofessional and auxiliary employees - Support employees are employed at will and will receive notification of the required duty days, holidays, and hours of work for their position on an annual basis. Paraprofessional and auxiliary employees must be compensated for overtime and are not authorized to work in excess of their assigned schedule without prior approval from their supervisor.

See Overtime Compensation for additional information.

Breaks for Expression of Breast Milk

Policies DEAB, DG

The district supports the practice of expressing breast milk and makes reasonable accommodations for the needs of employees who express breast milk. A place, other than a multiple user bathroom, that is shielded from view and free from intrusion from other employees and the public where the employee can express breast milk will be provided.

A reasonable amount of break time will be provided when the employee has a need to express milk. For nonexempt employees, these breaks are unpaid and are not counted as hours worked. Employees should meet with their supervisor to discuss their needs and arrange break times.

Notification to Parents Regarding Qualifications

Policies DK, DBA

In schools receiving Title I funds, the district is required by the Every Student Succeeds Act (ESSA) to notify parents at the beginning of each school year that they may request information regarding the professional qualifications of their child's teacher. ESSA also requires that parents be notified if their child has been assigned or taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements.

Texas law requires that parents be notified if their child is assigned for more than 30 consecutive instructional days to a teacher who does not hold an appropriate teaching certificate. This notice is not required if parental notice under ESSA is sent. Inappropriately certified or uncertified teachers include individuals on an emergency permit (including individuals waiting to take a certification exam) and individuals who do not hold any certificate or permit. Information relating to teacher certification will be made available to the public upon request. Employees who have questions about their certification status can call the Superintendent's office.

Outside Employment and Tutoring

Policy DBD

Employees are required to disclose in writing to their immediate supervisors any outside employment that may create a potential conflict of interest with their assigned duties and responsibilities or the best interest of the district. Supervisors will consider outside employment on a case-by-case basis and determine whether it should be prohibited because of a conflict of interest.

Performance Evaluation

Policy DN series

Evaluation of an employee's job performance is a continuous process that focuses on improvement. Performance evaluation is based on an employee's assigned job duties and other job-related criteria. All employees will participate in the evaluation process with their assigned supervisor at least annually. Written evaluations will be completed on forms approved by the district. Reports, correspondence, and memoranda also can be used to document performance information. All employees will receive a copy of their written evaluation, participate in a performance conference with their supervisor, and have the opportunity to respond to the evaluation.

Board Approved Appraisers of Teachers

The following administrators are qualified to serve as appraisers, alternate appraisers, or as second appraisers for teachers within the district:

- David Biddle
- Kim Copley
- Jennifer Dauriac
- Terry Deaver
- Natasha Simmons
- Sunee Stephens
- Tammy Stout
- Cody Swafford
- Paul Trevino
- Amy Ward
- Darlene Watson
- Robert Wilson

Employee Involvement

Policies BQA, BQB

At both the campus and district levels, Silsbee ISD offers opportunities for input in matters that affect employees and influence the instructional effectiveness of the district. As part of the district's planning and decision-making process, employees are elected to serve on district- or campus-level advisory committees. Plans and detailed information about the shared decision-making process are available in each campus office or from the Superintendent's Office.

Staff Development

Policy DMA

Staff development activities are organized to meet the needs of employees and the district. Staff development for instructional personnel is predominantly campus-based, related to achieving campus performance objectives, addressed in the campus improvement plan, and approved by a campus-level advisory committee. Staff development for noninstructional personnel is designed to meet specific licensing requirements (e.g., bus drivers) and continued employee skill development.

Individuals holding renewable SBEC certificates are responsible for obtaining the required training hours and maintaining appropriate documentation.

Staff Development Attendance

Staff members are required to attend staff development in which a staff member has been registered. Upon extenuating circumstances in which a staff member is unable to attend, it is expected the staff member follows timely procedures established by the superintendent or designee to unregister for the staff development.

Staff members who do not attend/complete a staff development for which they are registered and do not follow proper procedures to unregister will be responsible for the cost and the amount deducted from their paycheck. In addition, cost associated with a substitute for the day of the missed staff development will also be the staff member's responsibility.

Compensation and Benefits

Salaries, Wages, and Stipends

Policy DEA, DEAA, DEAB

Employees are paid in accordance with administrative guidelines and an established pay structure. The district's pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or nonexempt according to federal law. Professional employees and academic administrators are generally classified as exempt and are paid monthly salaries. They are not entitled to overtime compensation. Other employees are generally classified as nonexempt and are paid based on hourly wage. In order to protect district employees and ensure compliance with US Department of Labor laws and guidelines, all nonexempt employees are required to clock in and out for their position every time they work, and must not be clocked in when not working.

Salary and wage schedules are reviewed annually and adjusted according to the budgeted amounts approved by the board. All employees will receive written notice of their pay with the September payroll. Classroom teachers, full-time librarians, full-time nurses, and full-time counselors will be paid no less than the minimum state salary schedule. Contract employees who perform extracurricular or supplemental duties may be paid a stipend in addition to their salary according to the district's extra-duty pay schedule.

Employees should contact the Assistant Superintendent of Finance for more information about the district's pay schedules or their own pay.

Paychecks

All Silsbee ISD employees will be paid monthly. All employees can obtain payroll information through Skyward Employee Access.

Payroll will be issued on the 22nd of each month. If the 22nd falls on a Saturday, payroll will be issued on Friday the 21st. If the 22nd falls on a Sunday, payroll will be issued on Monday the 23rd. Please refer to the district calendar for exact pay dates.

Silsbee ISD no longer issues physical paychecks. Employees will have the option to choose to be paid through direct deposit or via bank pay card. Direct Deposit enrollment forms can be obtained online through the district website or by contacting the payroll office. All substitutes will be paid via bank pay card.

Payroll Deductions

Policy CFEA

The district is required to make the following automatic payroll deductions:

- Teacher Retirement System of Texas (TRS)
- Federal income tax
- Medicare tax (applicable only to employees hired after March 31, 1986)
- Child support and spousal maintenance, if applicable
- Delinquent federal education loan payments, if applicable

Temporary and part-time employees who are not eligible for TRS membership must enroll in a 457-retirement plan through First Financial Administrators, Inc.

Other payroll deductions that employees may elect include employee's share of premiums for health, dental, life, and vision insurance; annuities; higher education savings plans or prepaid tuition programs. Employees also may request payroll deductions for savings deposits and loan payments through Education First Federal Credit Union; and payment of membership dues to professional organizations. Salary deductions are automatically made for unauthorized or unpaid leave.

Overtime Compensation

Policy DEAB

The district compensates overtime for nonexempt employees in accordance with federal wage and hour laws. Only nonexempt employees (hourly employees and paraprofessional employees) are entitled to overtime compensation. Nonexempt employees are not authorized to work beyond their normal work schedule without advance approval from their supervisor. A nonexempt employee who works overtime without prior approval will be subject to disciplinary action.

Overtime is legally defined as all hours worked in excess of 40 hours in a workweek and is not measured by the day or by the employee's regular work schedule. For the purpose of calculating overtime, a workweek begins at 12 a.m. on Saturday and ends at 11:59 p.m. on Friday.

Nonexempt employees that are paid on a salary basis are paid for the hours set by the normal work schedule. Hours worked beyond the normal schedule up to 40 hours will be paid at a regular rate of pay.

Employees may be compensated for overtime (i.e., hours beyond 40 in a workweek) at time-and-a-half rate with pay.

Travel Expense Reimbursement

Policy DEE

Before any travel expenses are incurred, an employee must fully complete an Overnight Trip Request Form and submit it to his or her immediate supervisor for approval. Once approved, your supervisor will forward it to the Superintendent for final approval.

For approved travel, employees will be reimbursed for travel expenditures based on SISD's Travel Procedures for 2017-2018, which indicates applicable reimbursement rates and documentation needed to support reimbursement requests. SISD Travel Procedures are located on the district's website, along with FAQ's related to travel and travel reimbursement.

Health, Dental, and Life Insurance

Policy CRD

Group health insurance coverage is provided through TRS-ActiveCare, the statewide public school employee health insurance program. The district's contribution to employee insurance premiums is determined annually by the board of trustees. Employees eligible for health insurance coverage include the following:

- Employees who are active, contributing TRS members
- Employees who are not contributing TRS members and who are employed for 10 or more regularly scheduled hours per week

TRS retirees who are enrolled in TRS-Care (retiree health insurance program) are not eligible to participate in TRS-ActiveCare.

The insurance plan year is from September 1 through August 31. Current employees can make changes in their insurance coverage during open enrollment each year or when they experience a qualifying event (e.g. marriage, divorce, birth). Detailed descriptions of insurance coverage, employee cost, and eligibility requirements are provided to all employees in a separate booklet. Employees should contact payroll for more information.

Supplemental Insurance Benefits

Policy CRD

At their own expense, employees may enroll in supplemental insurance programs for vision, cancer, catastrophic illness, disability, and life. Premiums for these programs can be paid by

payroll deduction. Employees should contact the Payroll/Insurance Coordinator for more information.

Cafeteria Plan Benefits (Section 125)

Employees may be eligible to participate in the Cafeteria Plan (Section 125) and, under IRS regulations, must either accept or reject this benefit. This plan enables eligible employees to pay certain insurance premiums on a pretax basis (i.e., cancer and dread disease, dental, and vision insurance). A third-party administrator handles employee claims made on these accounts.

New employees must accept or reject this benefit during their first month of employment. All employees must accept or reject this benefit on an annual basis and during the specified time period.

Workers' Compensation Insurance

Policy CRE

The district, in accordance with state law, provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. The district has workers' compensation coverage from Edwards Risk Management. Benefits help pay for medical treatment and make up for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances of each case.

All work-related accidents or injuries should be reported immediately to administrative supervisor and the supervisor will report the accident or injury to the Health Services Director. Employees who are unable to work because of a work-related injury will be notified of their rights and responsibilities under the Texas Labor Code. See *Workers' Compensation Benefits* for information on use of paid leave for such absences.

Unemployment Compensation Insurance

Policy CRF

Employees who have been laid off or terminated through no fault of their own may be eligible for unemployment compensation benefits. Employees are not eligible to collect unemployment benefits during regularly scheduled breaks in the school year or the summer months if they have employment contracts or reasonable assurance of returning to service. Employees with questions about unemployment benefits should contact the Superintendent's office.

Teacher Retirement

All personnel employed on a regular basis for at least four and one-half months are members of the Teacher Retirement System of Texas (TRS). Substitutes not receiving TRS service retirement benefits who work at least 90 days a year are eligible to purchase a year of creditable service in TRS. TRS provides members with an annual statement of their account showing all deposits and the total account balance for the year ending August 31, as well as an estimate of their retirement benefits.

Employees who plan to retire under TRS should notify Superintendent's office as soon as possible. Information on the application procedures for TRS benefits is available through the Superintendent's Secretary. Additional inquiries should be addressed to: Teacher Retirement System of Texas, 1000 Red River Street, Austin, TX 78701-2698, or call (800) 223-8778 or (512) 542-6400. TRS information is also available on the Web (www.trs.texas.gov). See page ten (10) for information on restrictions of employment of retirees in Texas public schools.

Leaves and Absences

Policy DEC, DECA, DECB

The district offers employees paid and unpaid leaves of absence in times of personal need. This handbook describes the basic types of leave available and restrictions on leaves of absence. Employees who expect to be absent for an extended period of more than five days should call the superintendent's office for information about applicable leave benefits, payment of insurance premiums, and requirements for communicating with the district.

Paid leave must be used in ½ day increments. Unless an employee requests a different order, available paid state and local leave will be used in the following order:

- Local
- State

Employees must follow district and department or campus procedures to report or request any leave of absence and complete the appropriate form or certification.

Immediate Family. For purposes of leave other than family and medical leave, immediate family is defined as the following:

- Spouse
- Son or daughter, including a biological, adopted, or foster child, a son- or daughter-in-law, a stepchild, a legal ward, or a child for whom the employee stands *in loco parentis*.
- Parent, stepparent, parent-in-law, or other individual who stands *in loco parentis* to the employee.
- Sibling, stepsibling, and sibling-in-law
- Grandparent and grandchild
- Any person residing in the employee's household at the time of illness or death

For purposes of family and medical leave, the definition of family is limited to spouse, parent, son or daughter, and next of kin. The definition of these are found in Policy DECA(LEGAL).

Medical Certification. Any employee who is absent more than (3) days because of a personal or family illness must submit a medical certification from a qualified health care provider confirming the specific dates of the illness, the reason for the illness, and—in the case of personal illness—the employee's fitness to return to work.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers from requesting or requiring genetic information of a covered individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we ask that employees and health care providers do not provide any genetic information in any medical certification. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Continuation of Health Insurance. Employees on an approved leave of absence other than family and medical leave may continue their insurance benefits at their own expense. Health insurance benefits for employees on paid leave and leave designated under the Family and Medical Leave Act will be paid by the district as they were prior to the leave. Otherwise, the district does not pay any portion of insurance premiums for employees who are on unpaid leave.

Under TRS-Active Care rules, an employee is no longer eligible for insurance through the district after six months of unpaid leave other than FML. If an employee's unpaid leave extends for more than six months, the district will provide the employee with notice of COBRA rights.

All absences immediately before or immediately after a District holiday shall require a medical excuse. The employee's daily rate will be withheld from the next paycheck for missing these days unless the superintendent determines that extenuating circumstances exist.

Absences – Faculty/Staff

AESOP

Employees are required to report all absences through the AESOP system.

Employees will report in the AESOP system nondiscretionary leave taken for personal or family illness, family emergency, death in the family, or active military service prior to the start of the school/work day.

An employee wishing to take discretionary personal leave that can be scheduled in advance must submit a request in AESOP at least five days in advance of the anticipated absence. The principal or supervisor will consider the effect of the employee's absence on the educational program or department operations, as well as the availability or substitutes, for approval or denial of the request.

Discretionary leave shall not be allowed:

- For more than three consecutive days,
- On the day before a holiday,

- On the day after a holiday,
- Days scheduled for end-of semester or end end-of-year exams,
- Days scheduled for state-mandated assessment tests,
- On professional development or staff development days.

School business leave requests shall be entered in the AESOP system as soon as possible. The principal or supervisor will consider the effect of the employee's absence on the educational program or department operations, as well as the availability or substitutes, for approval or denial of the request.

The reason for the school business request must be entered into the Notes to Administrator box on the AESOP screen in order to receive approval – i.e. staff development, UIL competition, basketball game, etc.

Personal Leave

State law entitles all employees to five days of paid personal leave per year. Personal leave is available for use at the beginning of the year. A day of earned personal leave is equivalent to the number of hours per day in an employee's usual assignment, whether full-time or part-time. State personal leave accumulates without limit, is transferable to other Texas school districts, and generally transfers to education service centers. Personal leave may be used for two general purposes: nondiscretionary and discretionary.

Nondiscretionary. Leave taken for personal or family illness, family emergency, a death in the family, or active military service is considered nondiscretionary leave. Reasons for this type of leave allow very little, if any, advance planning. Nondiscretionary leave may be used in the same manner as state sick leave.

Discretionary. Leave taken at an employee's discretion that can be scheduled in advance is considered discretionary leave. An employee wishing to take discretionary personal leave must submit a request to his or her principal or supervisor five (5) days in advance of the anticipated absence. The effect of the employee's absence on the educational program or department operations, as well as the availability of substitutes, will be considered by the principal or supervisor. Discretionary leave shall not be allowed on the day before a school holiday, the day after a school holiday, days scheduled for end-of-semester or end-of-year exams, days scheduled for state-mandated assessment tests, the first or last day of a semester grading period, or professional or staff development days. The employee's daily rate will be withheld from the next paycheck for missing these days unless the superintendent determines that extenuating circumstances exist.

Discretionary personal days may not be taken for more than three (3) consecutive days.

Leave Proration. If an employee separates from employment with the district before his or her last duty day of the year, or begins employment after the first duty day, state personal leave will be prorated based on the actual time employed. When an employee separates from employment before the last duty day of the school year, the employee's final paycheck will be reduced by the amount of state personal leave the employee used beyond his or her pro rata entitlement for the school year.

State Sick Leave

State sick leave accumulated before 1995 is available for use and may be transferred to other school districts in Texas. State sick leave can be used only in on-half day increments except when coordinated with family and medical leave taken on an intermittent or reduced-schedule basis or when coordinated with workers' compensation benefits.

If an employee uses more sick leave than he or she has earned, the cost of unearned sick leave will be deducted from the employee's next paycheck.

State sick leave may be used for the following reasons only:

- Employee illness
- Illness in the employee's immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Extended Catastrophic Sick Leave

Policy DEC (Local)

Up to 25 days of extended catastrophic sick leave may be used for the employee's catastrophic illness or injury, including pregnancy related illness or injury, or absences related to the catastrophic illness or injury of an employee's immediate family. Catastrophic illness shall be defined as illness or disability that is life-threatening and requires major medical treatments such as surgery, chemotherapy, radiation, and the like. Extended catastrophic sick leave shall not be available for routine pregnancy or well-child care or elective surgery. Please review Policy DEC (Local) for complete details.

The substitute's daily rate of pay shall be deducted from an employee's pay check for the first 10 days. One-half the employee's daily rate of pay or substitute's pay, whichever is greater, shall be deducted for the remaining 15 days.

Local Leave

Policy DEC (Local)

All employees shall earn an additional five (5) equivalent workdays of local sick leave per school year, at the same rate as state personal leave.

Local sick leave shall accumulate without limit and shall be taken with no loss of pay. However, accumulated local days cannot be transferred to another district.

If an employee uses more sick leave than he or she has earned, the cost of unearned sick leave will be deducted from the employee's next paycheck.

Local leave may be used for the following reasons only:

- Employee illness
- Illness in the employee's immediate family
- Family emergency (i.e., natural disasters or life-threatening situations)
- Death in the immediate family
- Active military service

Sick Leave Pool

An employee who has at least two (2) current years of service with the district, who has exhausted all paid leave and who suffers from a catastrophic illness or injury or is absent due to the catastrophic illness or injury of a member of the employee's immediate family, or who has been called to full-time active duty in the armed forces during a time of war may request the establishment of a sick leave pool, to which the district employees may donate only local leave.

A sick leave/military leave pool may be established from voluntary donations by district staff to assist specifically designated fellow employees suffering from catastrophic personal illness or disability, illness or disability in the immediate family, or who have been called to full-time active duty in the U.S. Armed Services during a time of war. The term "catastrophic" shall mean life-threatening illness or disability requiring medical treatment or medical care.

To receive days from the pool, the requesting employee must first have used any and all state and local leave, if applicable. A request for the establishment of a sick leave/military leave pool shall be made in writing, on a form designated for that purpose, to the Superintendent or designee. The Superintendent or designee shall initiate the sick leave/military leave pool for the specifically designated employee and notify District staff.

The sick leave/military leave pool shall be created by voluntary contributions by District staff for a specific individual and the donated days shall be designated to a specific pool. Contributions may consist of one or two local sick leave days per donor, with no staff member permitted to contribute more than two local sick leave days to sick leave/military leave pools per school year. A maximum of 50 days may be contributed to a specific sick leave/military leave pool. An individual employee for whom a pool is established may participate in the pool until he or she has used a total of 50 days maximum from the pool.

The sick leave/military leave pool shall cease to exist when the employee returns to work or has used 50 days and that individual's pool is exhausted. Unused sick leave/military leave pool days shall revert to the donors and shall be divided proportionately among individuals according to the amount contributed. Reimbursed days shall be divided into increments of no less than half days. No general pool shall remain in existence.

Leave Use and Recording

Policy DEC (Local)

For purposes of personal illness, illness in the immediate family, family emergency, or death in the immediate family, available leave shall be used in the following order: (unless an employee requests a different order)

1. Local leave
2. Local sick leave accumulated prior to September 1, 1970, if any
3. State sick leave accumulated prior to the 1995-1996 school year
4. State personal leave
5. Leave pool
6. Extended sick leave

Local sick leave shall be used according to the terms and conditions applicable to state sick leave accumulated prior to the 1995-1996 school year, except as otherwise provided by this policy.

Employees shall be charged leave as used even if a substitute is not employed.

Leave shall be recorded in half-day increments for all employees. If an employee is taking intermittent FMLA leave, leave shall be taken recorded in one-hour increments.

Family and Medical Leave (FML)—general provisions

The following text is from the federal notice, *Employee Rights and Responsibilities Under the Family and Medical Leave Act*. Specific information that the district has adopted to implement the FMLA follows this general notice.

For the purpose of an employee's entitlement to FMLA, the 12-month period shall begin on the first duty day of the school year.

Leave Entitlement

Eligible employees who work for a covered employer can take up to 12 weeks of unpaid, job-protected leave in a 12-month period for the following reasons:

- For incapacity due to pregnancy, prenatal medical care, birth of a child or placement of a child for adoption or foster care;
- To bond with a child (leave must be taken within 1 year of the child's birth or placement);
- To care for the employee's spouse, child, or parent who has a serious health condition;
- For the employee's own qualifying serious health condition that makes the employee unable to perform the employee's job;
- For qualifying exigencies related to the foreign deployment of a military member who is the employee's spouse, child, or parent.

Military Family Leave Entitlements

An eligible employee whose spouse, child, or parent is on covered active duty or called to covered active duty status may use his or her 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is (1) a current member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness*; or (2) a veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered veteran, and who is undergoing medical treatment, recuperation, or therapy for a serious injury or illness.*

**The FMLA definitions of “serious injury or illness” for current servicemembers and veterans are distinct from the FMLA definition of “serious health condition”.*

Benefits and Protections

While employees are on FMLA leave, employers must continue health insurance coverage as if the employees were not on leave.

Upon return from FMLA leave, most employees must be restored to the same job or one nearly identical to it with equivalent pay, benefits, and other employment terms and conditions.

An employer may not interfere with an individual’s FMLA rights or retaliate against someone for using or trying to use FMLA leave, opposing any practice made unlawful by the FMLA, or being involved in any proceeding under or related to the FMLA.

Eligibility Requirements

An employee who works for a covered employer must meet three criteria in order to be eligible for FMLA leave. The employee must:

- Have worked for the employer for at least 12 months;
- Have at least 1,250 hours of service in the 12 months before taking leave;* and
- Work at a location where the employer has at least 50 employees within 75 miles of the employee’s worksite.

**Special hours of service eligibility requirements apply to airline flight crew employees.*

Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee’s job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave

An employee does not need to use this leave entitlement in one block.

Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave

Employees may choose or employers may require use of accrued paid leave while taking FML. In order to use paid leave for FML, employees must comply with the employer's normal paid leave policies.

Requesting Leave

Generally, employees must provide 30 days advance notice of the need to take FML when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees do not have to share a medical diagnosis, but must provide enough information to the employer so it can determine if the leave qualifies for FMLA protection.

Sufficient information could include informing an employer that the employee is or will be unable to perform his or her job functions, that a family member cannot perform daily activities, that hospitalization or continuing medical treatment is necessary, or circumstances supporting the need for military family leave. Employees must inform the employer if the need for leave is for a reason for which FMLA leave was previously taken or certified.

Employers can require a certification or periodic recertification supporting the need for leave. If the employer determines that the certification is incomplete, it must provide a written notice indicating what additional information is required.

Employer Responsibilities

Once an employer becomes aware that an employee's need for leave is for a reason that may qualify under the FMLA, the employer must notify the employee if he or she is eligible for FMLA leave and, if eligible, must also provide a notice of rights and responsibilities under the FMLA. If the employee is not eligible, the employer must provide a reason for ineligibility.

Employers must notify its employees if leave will be designated as FMLA leave, and if so, how much leave will be designated as FMLA leave.

Unlawful Acts by Employers

The FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right protected under the FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by the FMLA or for involvement in any proceeding under or relating to the FMLA.

Enforcement

Employees may file a complaint with the U.S. Department of Labor, Wage and Hour Division, or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

Local Family and Medical Leave Provisions

Eligible employees can take up to 12 weeks of unpaid leave in the 12-month period beginning on the first duty day of the school year.

Use of paid leave. FML runs concurrently with accrued sick and personal leave, temporary disability leave, assault leave, and absences due to a work-related illness or injury. The district will designate the leave as FML, if applicable, and notify the employee that accumulated leave will run concurrently.

Combined leave for spouses. Spouses who are employed by the district are limited to a combined total of 12 weeks of FML to care for a parent with a serious health condition; or for the birth, adoption, or foster placement of a child. Military caregiver leave for spouses is limited to a combined total of 26 weeks.

Intermittent leave. When medically necessary or in case of a qualifying exigency, an employee may take leave intermittently or on a reduced schedule. The district shall permit the use of intermittent or reduced-schedule leave for the care of a newborn child or for adoption or placement of a child with the employee.

Fitness for Duty. An employee that takes FML due to the employee's own serious health condition shall provide, before resuming work, a fitness-for-duty certification from the health care provider. If certification of the employee's ability to perform essential job function is required, the district shall provide a list of essential job functions (e.g., job description) to the employee with the FML designation notice to share with the health care provider.

Reinstatement. An employee returning to work at the end of FML will be returned to the same position held when the leave began or to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

In certain cases, instructional employees desiring to return to work at or near the conclusion of a semester may be required to continue on family and medical leave until the end of the semester. The additional time off is not counted against the employee's FML entitlement, and the district will maintain the employees group health insurance and reinstate the employee at the end of the leave according the procedures outlined in policy (see DECA (LEGAL)).

Failure to Return. If, at the expiration of FML, the employee is able to return to work but chooses not to do so, the district may require the employee to reimburse the district's share of insurance premiums paid during any portion of FML when the employee was on unpaid leave. If the employee fails to return to work for a reason beyond the employee's control, such as a continuing personal or family serious health condition or a spouse being unexpectedly transferred more than 75 miles from the district, the district may not require the employee to reimburse the district's share of premiums paid.

District contact. Employees that require FML or have questions should contact the superintendent's office for details on eligibility, requirements, and limitations.

Request for FML. When the need for family and medical leave is foreseeable, employees must provide 30-days advance notice to the district. When the need for leave is not foreseeable, employees must contact the Superintendent as soon as possible. Employees may be required to provide the following:

- Medical certification from a qualified health care provider supporting the need for leave due to a serious health condition affecting the employee or an immediate family member
- Second or third medical opinions and periodic recertification of the need for leave
- Periodic reports during the leave regarding the employee's status and intent to return to work
- Medical certification from a qualified health care provider at the conclusion of leave of an employee's ability to return to work
- Certification of the need for family military leave

Employees requiring family and medical leave should contact the Superintendent's office for details on eligibility, requirements, and limitations.

Temporary Disability

Certified employees. Any full-time employee whose position requires certification from the State Board for Educator Certification (SBEC) is eligible for temporary disability leave. The purpose of temporary disability leave is to provide job protection to full-time educators who cannot work for an extended period of time because of a mental or physical disability of a temporary nature. Temporary disability leave must be taken as a continuous block of time. It may not be taken intermittently or on a reduced schedule. Pregnancy and conditions related to pregnancy are treated the same as any other temporary disability.

Temporary disability shall apply after all paid leave and compensatory time is exhausted, and shall run concurrently with FMLA leave.

Employees must request approval for temporary disability leave. An employee's notification of need for extended absence due to the employee's own medical condition shall be accepted as a request for temporary disability leave. The request must be accompanied by a physician's statement confirming the employee's inability to work and estimating a probable date of return. If disability leave is approved, the length of leave is no longer than 180 calendar days.

If an employee is placed on temporary disability leave involuntarily, he or she has the right to request a hearing before the board of trustees. The employee may protest the action and present additional evidence of fitness to work.

When an employee is ready to return to work, the Superintendent should be notified at least thirty (30) days in advance. The return-to-work notice must be accompanied by a physician's statement confirming that the employee is able to resume regular duties. Certified employees returning from leave will be reinstated to the school to which they were previously assigned if an appropriate position is available. If an appropriate position is not available, the employee may be assigned to another campus, subject to the approval of the campus principal. If a position is not available before the end of the school year, the employee will be reinstated to a position at the original campus at the beginning of the following school year.

Workers' Compensation Benefits

An employee absent from duty because of a job-related illness or injury may be eligible for workers' compensation weekly income benefits if the absence exceeds seven calendar days.

An employee receiving workers' compensation wage benefits for a job-related illness or injury may choose to use available, partial-day increments of sick leave benefits to make up the difference between wage benefits and pre-injury or -illness wages. An employee choosing to use paid leave will not receive workers' compensation weekly income benefits until all paid leave is exhausted or to the extent that paid leave does not equal the pre-illness or -injury

wage. If the use of paid leave is not elected, then the employee will only receive workers' compensation wage benefits for any absence resulting from a work-related illness or injury, which may not equal his or her pre-illness or -injury wage.

An employee eligible for worker's compensation income benefits, and not assault leave, may elect in writing to use available partial-day increments of paid leave to make up the difference between the employee's income benefits and the pre-injury wage.

Assault Leave *(DEC Legal)*

Assault leave provides extended job income and benefits protection to an employee who is injured as the result of a physical assault suffered during the performance of his or her job. An incident involving an assault is a work-related injury, and should be immediately reported to the Superintendent.

In addition to all other days of leave, a District employee who is physically assaulted during the performance of regular duties is entitled to the number of days of leave necessary to recuperate from physical injuries sustained as a result of the assault. At the request of an employee, the District must immediately assign the employee to assault leave. Days of assault leave may not be deducted from accrued personal leave. Assault leave may not extend more than two years beyond the date of the assault. Following an investigation of the claim, the District may change the assault leave status and charge the leave against the employee's accrued personal leave or against the employee's pay if insufficient accrued personal leave is available.

Notwithstanding any other law, assault leave benefits due to an employee shall be coordinated with temporary income benefits due from workers' compensation so the employee's total compensation from temporary income benefits and assault leave benefits will equal 100 percent of the employee's weekly rate of pay. A District employee is physically assaulted if the person engaging in the conduct causing injury to the employee:

1. Could be prosecuted for assault; or
2. Could not be prosecuted for assault only because the person's age or mental capacity makes the person a non-responsible person for purposes of criminal liability.

Bereavement Leave

Use of state leave and/or local sick leave for death in the immediate family shall not exceed five (5) workdays per occurrence, subject to the approval of the District.

Jury Duty

The district provides paid leave to employees who are summoned to jury duty. Employees who report to the court for jury duty may keep any compensation the court provides. An employee should report a summons for jury duty to his or her supervisor as soon as it is received and may be required to provide the district a copy of the summons to document the need for leave.

An employee may be required to report back to work as soon as they are released from jury duty. The supervisor may consider the travel time required and the nature of the individual's position when determining the need to report to work. A copy of the release from jury duty or of documentation of time spent at the court may be required.

Compliance with a Subpoena

Employees will be paid while on leave to comply with a valid subpoena to appear in a civil, criminal, legislative, or administrative proceeding and will not be required to use personal leave. Employees may be required to submit documentation of their need for leave for court appearances. Absences for court appearances related to the employee's personal business must be taken as personal leave without pay (if no personal leave is available). Employees may be required to submit documentation of their need for leave for court appearances.

Truancy Court Appearances

An employee who is a parent, guardian of a child, or a court-appointed guardian ad litem of a child who is required to miss work to attend a truancy court hearing may use personal leave for the absence. Employees who do not have paid leave available will be docked for any absence required because of the court appearance.

Religious Observance

The district will reasonably accommodate an employee's request for absence for a religious holiday or observance. Accommodations such as changes to work schedules or approving a day of absence will be made unless they pose an undue hardship to the district. The employee may use any accumulated personal leave for this purpose. Employees who have exhausted applicable paid leave may be granted an unpaid day of absence.

Military Leave

Paid Leave for Military Service. Any employee who is a member of the Texas National Guard, Texas State Guard, reserve component of the United States Armed Forces, or a member of a state or federally authorized Urban Search and Rescue Team is entitled to paid leave when engaged in authorized training or duty ordered by proper authority. Paid military leave is limited to 15 days each fiscal year. In addition, an employee is entitled to use available state and local personal or sick leave during a time of active military service.

Reemployment after Military Leave. Employees who leave the district to enter into the United States uniformed services or who are ordered to active duty as a member of the military force of any state (e.g., National or State Guard) may return to employment if they are honorably discharged. Employees who wish to return to the district will be reemployed provided they can be qualified to perform the required duties. Employees returning to work following military leave should contact the Superintendent's office. In most cases, the length of federal military service cannot exceed five years.

Continuation of health insurance. Employees who perform service in the uniformed services may elect to continue their health plan coverage at their own cost for a period not to exceed 24 months. Employees should contact Payroll and Insurance Coordinator, for details on eligibility, requirements, and limitations.

Complaints and Grievances

Policy DGBA

In an effort to hear and resolve employee concerns or complaints in a timely manner and at the lowest administrative level possible, the board has adopted an orderly grievance process. Employees are encouraged to discuss their concerns or complaints with their supervisors or an appropriate administrator at any time.

The formal process provides all employees with an opportunity to be heard up to the highest level of management if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, employees can bring concerns or complaints to the board of trustees. For ease of reference, the district's policy concerning the process of bringing concerns and complaints is reprinted as follows: [Silsbee ISD Policy DGBA \(LOCAL\)](#).

Discrimination, Harassment, and Retaliation

Employees shall not engage in prohibited harassment, including sexual harassment, of other employees, unpaid interns, student teachers, or students. While acting in the course of their employment, employees shall not engage in prohibited harassment of other persons, including board members, vendors, contractors, volunteers, or parents. A substantiated charge of harassment will result in disciplinary action.

Individuals who believe they have been discriminated against, or harassed are encouraged to promptly report such incidents to the campus principal, supervisor, or appropriate district official. If the campus principal, supervisor, or district official is the subject of a complaint, the complaint should be made directly to the superintendent. A complaint against the superintendent may be made directly to the board.

The district's policy that includes definitions and procedures for reporting and investigating discrimination, harassment, and retaliation is: [Silsbee ISD Policy DIA \(LOCAL\)](#).

Harassment of Students

Policies DH, DHB, FFG, FFH, FFI

Sexual and other harassment of students by employees are forms of discrimination and are prohibited by law. Romantic or inappropriate social relationships between students and district employees are prohibited. Employees who suspect a student may have experienced prohibited harassment are obligated to report their concerns to the campus principal or other appropriate district official. All allegations of prohibited harassment of a student by an employee of adult will be reported to the student's parents and promptly investigated. An employee who knows of or suspects child abuse must also report his or her knowledge or suspicion to the appropriate authorities, as required by law. See Reporting Suspected Child Abuse and Bullying for additional information.

The district's policy that includes definitions and procedures for reporting and investigating harassment of students is: [Silsbee ISD Policy DHB \(LEGAL\)](#) and [Silsbee ISD Policy FFH \(LOCAL\)](#).

Reporting Suspected Child Abuse

Policies DG, DH, DHB, FFG, GRA

All employees are required by state law to report any suspected child abuse or neglect, as defined by Texas Family Code §26.001, to a law enforcement agency, Child Protective Services, or appropriate state agency (e.g., state agency operating, licensing, certifying, or registering a facility) within 48 hours of the event that led to the suspicion.

Employees are also required to make a report if they have cause to believe that an adult was a victim of abuse or neglect as a child and they determine in good faith that the disclosure of the information is necessary to protect the health and safety of another child or person with a disability.

Reports to Child Protective Services can be made to the campus principal or to the Texas Abuse Hotline (800-252-5400). State law specifies that an employee may not delegate to or rely on another person or administrator to make the report.

Under state law, any person reporting or assisting in the investigation of reported child abuse or neglect is immune from liability unless the report is made in bad faith or with malicious intent. In addition, the district is prohibited from retaliating against an employee who, in good faith, reports child abuse or neglect or who participates in an investigation regarding an allegation of child abuse or neglect.

An employee's failure to report suspected child abuse may result in prosecution as a Class A misdemeanor. In addition, a certified employee's failure to report suspected child abuse may

result in disciplinary procedures by SBEC for a violation of the Code of Ethics and Standard Practices for Texas Educators.

Employees who suspect that a student has been or may be abused or neglected should also report their concerns to the campus principal. This includes students with disabilities who are no longer minors. Employees are not required to report their concern to the principal before making a report to the appropriate agency.

Reporting the concern to the principal does not relieve the employee of the requirement to report it to the appropriate state agency. In addition, employees must cooperate with investigators of child abuse and neglect. Interference with a child abuse investigation by denying an interviewer's request to interview a student at school or requiring the presence of a parent or school administrator against the desires of the duly authorized investigator is prohibited.

Sexual Abuse and Maltreatment of Children

The district is in the process of establishing a plan for addressing sexual abuse and other maltreatment of children. As an employee, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused or otherwise mistreated. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Maltreatment is defined as abuse or neglect. Anyone who suspects that a child has been or may be abused or neglected has a legal responsibility under state law for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Employees are required to follow the procedures described above in *Reporting Suspected Child Abuse*.

Reporting Crime *Policy DG*

The Texas Whistleblower Act protects district employees who make good faith reports of violations of law by the district to an appropriate law enforcement authority. The district is prohibited from suspending, terminating the employment of, or taking other adverse personnel action against, an employee who makes a report under the Act. State law also provides employees with the right to report a crime witnessed at the school to any peace officer with authority to investigate the crime.

Technology Resources

Policy CQ

The district's technology resources, including its networks, computer systems, e-mail accounts, devices connected to its networks, and all district-owned devices used on or off school property, are primarily for administrative and instructional purposes. Limited personal use is permitted if the use:

- Imposes no tangible cost to the district.
- Does not unduly burden the district's computer or network resources
- Has no adverse effect on job performance or on a student's academic performance

Electronic mail transmissions and other use of the technology resources are not confidential and can be monitored at any time to ensure appropriate use.

Employees are required to abide by the provisions of the acceptable use agreement and administrative procedures. Failure to do so can result in suspension of access or termination of privileges and may lead to disciplinary and legal action. Employees with questions about computer use and data management can contact the technology department.

Personal Use of Electronic Communications

Policy DH

Electronic communications includes all forms of social media, such as text messaging, instant messaging, electronic mail (e-mail), Web logs (blogs), wikis, electronic forums (chat rooms), video-sharing Web sites (e.g., YouTube), editorial comments posted on the Internet, and social network sites (e.g., Facebook, Twitter, LinkedIn, Instagram). Electronic communications also includes all forms of telecommunication such as landlines, cell phones, and Web-based applications.

As role models for the district's students, employees are responsible for their public conduct even when they are not acting as district employees. Employees will be held to the same professional standards in their public use of electronic communications as they are for any other public conduct. If an employee's use of electronic media interferes with the employee's ability to effectively perform his or her job duties, the employee is subject to disciplinary action, up to and including termination of employment. If an employee wishes to use a social network site or similar media for personal purposes, the employee is responsible for the content on the employee's page, including content added by the employee, the employee's friends, or members of the public who can access the employee's page, and for Web links on the employee's page. The employee is also responsible for maintaining privacy settings appropriate to the content.

An employee who uses electronic communications for personal purposes shall observe the following:

- The employee may not set up or update the employee’s personal social network page(s) using the district’s computers, network, or equipment.
- The employee shall limit use of personal electronic communication devices to send or receive calls, text messages, pictures, and videos to breaks, meal times, and before and after scheduled work hours, unless there is an emergency or the use is authorized by a supervisor to conduct district business.
- The employee shall not use the district’s logo or other copyrighted material of the district without express, written consent.
- An employee may not share or post, in any format, information, videos, or pictures obtained while on duty or on district business unless the employee first obtains written approval from the employee’s immediate supervisor. Employees should be cognizant that they have access to information and images that, if transmitted to the public, could violate privacy concerns.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Educators’ Code of Ethics, even when communicating regarding personal and private matters, regardless of whether the employee is using private or public equipment, on or off campus. These restrictions include:
 - Confidentiality of student records. [See Policy FL]
 - Confidentiality of health or personnel information concerning colleagues, unless disclosure serves lawful professional purposes or is required by law. [See Policy DH (EXHIBIT)]
 - Confidentiality of district records, including educator evaluations and private e-mail addresses. [See Policy GBA]
 - Copyright law [See Policy CY]
 - Prohibition against harming others by knowingly making false statements about a colleague or the school system. [See Policy DH (EXHIBIT)]

See *Electronic Communications between Employees and Students*, below, for regulations on employee communication with students through electronic media.

Electronic Communications between Employees and Students

Policy DH

A certified or licensed employee, or any other employee designated in writing by the superintendent or a campus principal, may use electronic communications with students who are currently enrolled in the district. The employee must comply with the provisions outlined below. All other employees and students who are enrolled in the district are prohibited. Employees are not required to provide students with their personal phone number or e-mail address.

An employee is not subject to the provisions regarding electronic communications with a student to the extent the employee has a social or family relationship with a student. For example, an employee may have a relationship with a niece or nephew, a student who is the child of an adult friend, a student who is a friend of the employee's child, or a member or participant in the same civic, social, recreational, or religious organization. An employee who claims an exception based on a social relationship shall provide written consent from the student's parent. The written consent shall include an acknowledgement by the parent that:

- The employee has provided the parent with a copy of this protocol
- The employee and the student have a social relationship outside of school;
- The parent understands that the employee's communications with the student are excepted from district regulation; and
- The parent is solely responsible for monitoring electronic communications between the employee and the student.

The following definitions apply for the use of electronic media with students:

The term includes e-mail, text messages, instant messages, and any communications made through an internet website, including social media website or a social networking website.
- *Communicate* means to convey information and includes a one-way communication as well as a dialogue between two or more people. A public communication by an employee that is not targeted at students (e.g., a posting on the employee's personal social network page or a blog) is not a *communication*: however, the employee may be subject to district regulations on personal electronic communications. See *Personal Use of Electronic Media*, above. Unsolicited contact from a student through electronic means is not a *communication*.

- *Certified or licensed employee* means a person employed in a position requiring SBEC certification or a professional license, and whose job duties may require the employee to communicate electronically with students. The term includes classroom teachers, counselors, principals, librarians, paraprofessionals, nurses, educational diagnosticians, licensed therapists, and athletic trainers.

An employee who communicates electronically with students shall observe the following:

- The employee is prohibited from knowingly communicating with students using any form of electronic communications, including mobile and web applications, that are not provided or accessible by the district unless a specific exception is noted below.
- Only a teacher, trainer, or other employee who has an extracurricular duty may use text messaging, and then only to communicate with students who participate in the extracurricular activity over which the employee has responsibility. The employee may use any form of electronic media except text messaging. The only exception is teachers using one-way text messaging (e.g. REMIND) with his or her classes. Only a teacher, trainer, or other employee who has an extracurricular duty may use text messaging, and then only to communicate with students who participate in the extracurricular activity over which the employee has responsibility. An employee who communicates with a student using text messaging shall comply with the following protocol:
 - The employee shall include at least one of the student’s parents or guardians as a recipient on each text message to the student so that the student and parent receive the same message;
 - The employee shall include his or her immediate supervisor as a recipient on each text message to the student so that the student and supervisor receive the same message; or
 - For each text message addressed to one or more students, the employee shall send a copy of the text message to the employee’s district e-mail address.
- The employee shall limit communications to matters within the scope of the employee’s professional responsibilities (e.g., for classroom teachers, matters relating to class work, homework, and tests; for an employee with an extracurricular duty, matters relating to the extracurricular activity).
- The employee is prohibited from knowingly communicating with students through a personal social network page; the employee must create a separate social network page (“professional page”) for the purpose of communicating with students. The employee must enable administration and parents to access the employee’s professional page.

- The employee shall not communicate directly with any student between the hours of 10 p.m. and 6 a.m. An employee may, however, make public posts to a social network site, blog, or similar application at any time.
- The employee does not have a right to privacy with respect to communications with students and parents.
- The employee continues to be subject to applicable state and federal laws, local policies, administrative regulations, and the Code of Ethics and Standard Practices for Texas Educators, including:
 - Compliance with the Public Information Act and the Family Educational Rights and Privacy Act (FERPA), including retention and confidentiality of student records. [See Policies CPC and FL]
 - Copyright law [See Policy CY]
 - Prohibitions against soliciting or engaging in sexual conduct or a romantic relationship with a student. [See Policy DH]
- Upon request from administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with one or more currently-enrolled students.
- Upon written request from a parent or student, the employee shall discontinue communicating with the student through e-mail, text messaging, instant messaging, or any other form of one-to-one communication.
- An employee may request an exception from one or more of the limitations above by submitting a written request to his or her immediate supervisor.
- An employee shall notify his or supervisor in writing within one business day if a student engages in an improper electronic communication with the employee. The employee should describe the form and content of the electronic communication.

Due diligence should be taken to protect the privacy of an employee's personal cell phone. Under no circumstance should a student be given the use of an employees cell phone without the employee's direct supervision.

Criminal History Background Checks

Policy DBAA

Employees may be subject to a review of their criminal history record information at any time during employment. National criminal history checks based on an individual's fingerprints,

All printed, electronic, and oral communications concerning ALL student health information are confidential.

The release of any student health information in printed, verbal, electronic, or any other form to unauthorized persons is a direct violation of school district standards of school employees and contracted service providers. SISD policies regarding confidentiality of student health information states that improper release of student health information is cause for disciplinary action and can result in termination of employment and in some cases, civil liability.

Policy DBD

Employees may not accept gifts or favors that could influence, or be construed to influence, the employee's discharge of assigned duties. The acceptance of a gift, favor, or service by an administrator or teacher that might reasonably tend to influence the selection of textbooks electronic textbooks, instructional materials or technological equipment may result in prosecution of a Class B misdemeanor offense. This does not include staff development, teacher training, or instructional materials, such as maps or worksheets, that convey information to students or contribute to the learning process.

Copyrighted Materials

Policy CY

Employees are expected to comply with the provisions of federal copyright law relating to the unauthorized use, reproduction, distribution, performance, or display of copyrighted materials (i.e., printed material, videos, computer data and programs, etc.). Electronic media, including motion pictures and other audiovisual works, are to be used in the classroom for instructional purposes only. Duplication or backup of computer programs and data must be made within the provisions of the purchase agreement.

Associations and Political Activities

Policy DGA

The district will not directly or indirectly discourage employees from participating in political affairs or require any employee to join any group, club, committee, organization, or association. Employees may join or refuse to join any professional association or organization.

An individual's employment will not be affected by membership or a decision not to be a member of any employee organization that exists for the purpose of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work.

Use of district resources, including work time, for political activities is prohibited.

Charitable Contributions

Policy DG

Employees cannot be required to attend a meeting called for the purpose of soliciting charitable contributions. In addition, the Board or any employee may not directly or indirectly require or coerce an employee to refrain from making a contribution to a charitable organization or in response to a fund raiser or attending a meeting called for the purpose of soliciting charitable contributions.

Safety

Policy CK series

The district has developed and promotes a comprehensive program to ensure the safety of its employees, students, and visitors. The safety program includes guidelines and procedures for responding to emergencies and activities to help reduce the frequency of accidents and injuries. To prevent or minimize injuries to employees, coworkers, and students and to protect and conserve district equipment, employees must comply with the following requirements:

- Observe all safety rules.
- Keep work areas clean and orderly at all times.
- Immediately report all accidents to their supervisor.
- Operate only equipment or machines for which they have training and authorization.

While driving on district business, employees are required to abide by all state and local traffic laws. Employees driving on district business are prohibited from texting and using other

electronic devices that require both visual and manual attention while the vehicle is in motion. Employees will exercise care and sound judgment on whether to use hands-free technology while the vehicle is in motion.

Employees with questions or concerns relating to safety programs and issues can contact the Superintendent's office at 415 Hwy 327 West, Silsbee, Texas 77656.

Possession of Firearms and Weapons

Policies DH, FNCG, GKA

Employees, visitors, and students, including those with a license to carry a handgun, are prohibited from bringing firearms, knives, clubs or other prohibited weapons onto school premises (i.e., building or portion of a building) or any grounds or building where a school-sponsored activity takes place. A person, including an employee, who holds a license to carry a handgun may transport or store a handgun or other firearm or ammunition in a locked vehicle in a parking lot, garage, or other district provided parking area, provided the handgun or firearm or ammunition is properly stored, and not in plain view. To ensure the safety of all persons, employees who observe or suspect a violation of the district's weapons policy should report it to their supervisors or call Superintendent's immediately.

Visitors in the Workplace

Policy GKC

All visitors are expected to enter any district facility through the main entrance and sign in or report to the building's main office. Authorized visitors will receive directions or be escorted to their destination. Employees who observe an unauthorized individual on the district premises should immediately direct him or her to the building office or contact the administrator in charge.

Asbestos Management Plan

Policy CKA

The district is committed to providing a safe environment for employees. An accredited management planner has developed an asbestos management plan for each district property. A copy of the district's management plan is kept in the administration office at 415 Hwy 327 West, Silsbee, TX 77656, and is available for inspection during normal business hours.

Pest Control Treatment

Policies CLB, DI

Employees are prohibited from applying any pesticide or herbicide without appropriate training and prior approval of the integrated pest management (IPM) coordinator. Any

application of pesticide or herbicide must be done in a manner prescribed by law and the district's integrated pest management program.

Notices of planned pest control treatment will be posted in a district building 48 hours before the treatment begins. Notices are generally located outside the campus principal's office. In addition, individual employees may request in writing to be notified of pesticide applications. An employee who requests individualized notice will be notified by telephone, written or electric means. Pest control information sheets are available from campus principals or facility managers upon request.

Campus and Classroom Pest Management

Cockroaches, mice, rats, and other pests have plagued commercial facilities for much longer than computer viruses. Along with general grossness, pests present a health concern to end-users and distract from a facility's appearance. Increasingly, research has pinpointed pest infestation as the trigger or cause of a host of diseases.

Common employee practices that encourage pests include propping open external doors and eating and/or storing food in desks and work areas. Food should be kept in a centralized location; cold food in a refrigerator and dry food in sealed containers stored in a clean cabinet. A few crumbs of a bread, cookie, muffin, etc. and ants will lay down a pheromone trail to the food source and other insects can pick up on that trail and you are creating a highway system for pests.

Hazards of cockroaches

Cockroaches eat human food and supplies and contaminate them with their saliva and excrement. They also leave a very bad smell where they live. Although they have not been known to harbor any human diseases, they can transport germs on their feet from garbage and bathrooms to contaminate clean areas. Some people (especially children) are severely allergic to the cockroach skin cells.

Cockroach food

Roaches prefer carbohydrates but will eat almost any organic product or waste, including paint, glue, and soap. Most roaches in a building are living on food debris, garbage, pet food, snacks, and food supplies that are not properly cleaned up or stored.

Cockroaches preferred hiding locations

Adult cockroaches prefer to gather with others in favorable areas instead of spreading out. They leave their hiding place to get food and water, then return. The best conditions for roaches are a combination of warm temperatures, moisture, and readily available food. Kitchens and food prep areas are ideal, with crumbs found on floors and under appliances. They also like cracks and gaps between walls and around/under appliances.

How cockroaches get into school buildings

Cockroaches are usually brought into the school in cartons, sacks, boxes, and containers of food and drinks. They can also come in with appliances, furniture, or other school supplies. Cockroaches will readily migrate from one building or room to another.

Control of cockroaches

The keys to successful control of cockroaches are:

- Cleaning up sanitation problems to eliminate their food, water, and habitat
- Properly storing food supplies to eliminate their access to food
- Destroying the existing population in the building
- Monitoring to detect new roach populations

Appliances in the Classroom

All appliances such as; microwave ovens, toaster ovens, coffee pots, hot plates, and refrigerators should be located and used in lounges and teaching kitchens. Centralizing these appliances reduces the risk by controlling access, limiting the number of hazard points in the building, and lessens the possibility of misuse. In addition to these safety enhancements, centralization and limitation of appliances has other benefits to the school system in the form of reduced energy consumption and a reduction in the possibility of electrical system overload or necessity of increasing electrical capacity.

If a mentioned appliance is mandated to meet instructional or medical needs, we ask you initiate the following actions to assure safe use:

1. Classroom authorization is designated at the Superintendent level. This should include referencing the applicable and appropriate educational or medical mandate necessitating such usage.
2. The maintenance department's staff evaluates and certifies that utilization of such appliances does not present an undue risk of overloading the sites electrical infrastructure.
3. The subsequent authorization and approval documentation is present for inspection in the school's office and in the classroom where such appliances are being utilized.

4. In addition, we recommend appliances in classrooms approved for instructional use only, are disengaged from the electrical system, cleaned, and properly stored at the end of each instruction session.

Adherence to the above policy will hopefully lead to a positive educational environment and one that is as safe as possible. Other benefits include a positive underwriting decision, which leads to better insurance coverage and lower costs for that coverage.

Dress and Grooming

Policy DH (Local)

Teachers and staff members shall dress in a clean, neat, modest, and professional manner. Teacher/staff dress should serve as a model for students. Our desire is to appear professionally dressed while allowing the comfort and mobility needed to serve our students to the best of our ability. Therefore, adhere to the following guidelines:

1. Employees should use good judgment in the selection of their clothing and hairstyles. Any apparel or grooming that has or may have an adverse impact on the educational process will not be permitted.
2. Women will be expected to wear a dress, a suit, dress slacks, or tailored walking shorts/city shorts, skirts, split skirts, or skorts with blouses and or sweaters. Capri pants or other slack type apparel should be mid-calf length or longer. Shirts or blouses that are considered “dress” or have an educational, holiday, or school spirit theme are appropriate.
3. Men will be expected wear collared shirts with or without a tie and slacks that are professionally appropriate to the instructional setting. Shirts and sweaters that are considered “dress” or have an educational, holiday, or school spirit theme are appropriate.
4. Spirit Day is Friday. We encourage all staff members to participate by wearing the “maroon and white”. Appropriate jeans may be worn on these days. (Middle School Spirit Day as appropriate.)
5. College Day is Wednesday. We encourage all staff members to participate by wearing a college shirt. Appropriate jeans may be worn on these days.
6. Physical education teachers may wear shorts appropriate for their assignment, but they should wear wind suits or sweat pants while in the main building.
7. Campus employees shall not wear hats/caps in the building.
8. Any garment that is form fitting or too revealing is unacceptable. Items such as sweat pants and form fitting T-shirts are inappropriate and shall not be worn. Low cut and

revealing garments, and garments with exaggerated hemlines or exaggerated splits are inappropriate.

9. Women may wear sleeveless tops as long as the attire looks professional and the width of the garment on the shoulders is at least 2-½ inches.
10. Tattoos should be covered.
11. The campus principal has the discretion to amend the dress code as he/she deems appropriate for certain days.

Fire Prevention in the Classroom

Fire prevention is a key necessity in any business; and much more so in the classroom environment, where our most precious assets spend a large portion of their day. A few practical tips are provided here to help avoid a potentially catastrophic fire situation in your school.

- **NO** open flames in classroom. Lit candles are an unacceptable risk, and a violation of fire codes.
- **REFRAIN** from use of small appliances such as coffee pots, microwaves, toasters, potpourri warmers, and refrigerators in the classroom. They are sources of high heat and can contribute to overloaded electrical circuitry.
- **AVOID** overloading electrical outlets. As a general rule, two plugs per outlet; plug adapters or multi-plug extension cords should not be used. Do not plug one power strip into another – “Daisy Chain.” Do not plug power strips into an extension cord.
- **NEVER** use portable space heaters in classrooms. They pose an additional fire risk to staff, students, and the facility.
- **PRACTICE** good housekeeping. Classrooms can become “tinder boxes” due to excessive paper, cardboard, and wood that tends to be present. Look at the room from a fire prevention perspective. Keep it neat. File it or discard it. Keep all combustible decorations away from electrical lighting, outlets, and cords.

Parents are encouraged to discuss problems or complaints with the teachers or the appropriate administrator at any time. Parents and students with complaints that cannot be resolved to their satisfaction should be directed to the campus principal. Bullying is defined by TEC §37.0832. All employees are required to report student complaints of bullying to campus administrators. The district’s policy includes definitions and procedures for reporting and investigating bullying of students and is reprinted below:

Student Welfare: Freedom From Bullying – FFI(LOCAL)

NOTE: This policy addresses bullying of District students. For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

2. Is sufficiently severe, persistent, and pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.

This conduct is considered bullying if it:

1. Exploits an imbalance of power between the student perpetrator and the student victim through written or verbal expression or physical conduct; and
2. Interferes with a student’s education or substantially disrupts the operation of a school.

EXAMPLES – Bullying of a student may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

INVESTIGATION OF REPORT – The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

CONCLUDING THE INVESTIGATION – Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

COUNSELING – The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

CONFIDENTIALITY – To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.
